WHAT MAKES US DIFFERENT?

REINVEST IN HEALTH

Your health is at the heart of everything we do. To maintain this focus, we continue to remain free of shareholders, reinvesting profits back into our business. It fuels our drive to improve our services to you and offer access to first class care.

PRE-EXISTING CONDITIONS

We don't believe past health issues should stop you from enjoying your future. That's why, when you join our global health plans, many pre-existing conditions could be covered, subject to underwriting.

GLOBAL ACCESS IN YOUR HANDS

The Global Virtual Care service, available through the MembersWorld app, provides you with access to a global network of doctors, offering medical guidance and consultations, plus same day virtual appointments – available any time of the day or night.

SUPPORTING MENTAL HEALTH

At Bupa Global we believe that mental health and wellbeing are just as important as physical health. To support this, both annual and monetary limits across our plans for in-patient and day-patient mental health treatment are the same as for physical health treatment.

MULTILINGUAL ADVISERS

When it comes to healthcare advice, we know that speaking to someone in your own language is more than reassuring. It's key. For this reason, our team of advisers are able to offer telephone assistance in multiple languages anytime of the day or night.

THE VALUE OF A SECOND OPINION

The Second Medical Opinion service is available for all our Bupa Global customers when making a medical decision for a serious, complex or chronic condition, or if you have unanswered questions and you need some reassurance.

FINANCIAL REASSURANCE

Health insurance isn't just about your health. It's also about not worrying about unexpected costs. With us by your side you can simply focus on enjoying life.

ACCESS YOUR ACCOUNT ONLINE

You can access our exclusive and secure website and mobile app MembersWorld whenever you need to. With it, you can submit and track progress of claims, submit pre-authorisation requests and get access to your membership card and insurance documents.

OUR RANGE OF GLOBAL HEALTH PLANS

OUR GLOBAL HEALTH PLANS EXPLAINED

Your mental health is as important as your physical health, so both annual and monetary limits across our premium health plans for in-patient and day-patient mental health treatment are the same as for physical treatment.

All our plans are designed to be used and our Bupa Global Relationship Managers are available to help you make the most of your cover, to help keep you in good health.

MAJOR MEDICAL

This is our most affordable international health plan providing worldwide cover for major illnesses and conditions such as cancer, up to a €2.5 million overall annual limit.

Major Medical is the ideal option if you do not want or need a more traditional health plan. This plan helps provide peace of mind knowing that serious illness or injury can be treated privately. Giving you access to the treatment you need, when you need it, so you can concentrate on getting better.

SELECT

This is our plan for everyday health expenses and serious conditions, providing UK and European cover up to a €1.25 million overall annual limit.

Providing cover for your day-to-day private healthcare plus care should you need to go to, or stay in, hospital. Treatment for chronic, congenital and hereditary conditions may also be covered, subject to underwriting. Plus you'll benefit from an annual health check after just 10 months on the plan.

PREMIER

This is our plan for everyday health expenses, extensive health checks, dental treatment and serious conditions. Premier provides worldwide cover up to a €1.87 million overall annual limit. Standard private hospital room accommodation and alternative treatments are also available.

In addition to the benefits available on Select, Premier also provides cover for a physiotherapy, osteopathy, vaccinations, optical checks and accident related dental treatment, plus cover for dental checks after 6 months on your plan.

ELITE

This is our plan designed for families, and includes maternity cover after just 10 months, plus cover for two children up to age 10 at no additional cost, subject to underwriting.

Elite provides worldwide cover up to an overall annual limit of €3.75 million and includes all the benefits of Major Medical, Select and Premier. This plan also covers complementary therapies such as acupuncture and reflexology, and complementary medicines such as homeopathy and naturopathy.

ULTIMATE

This is our most extensive worldwide protection with no overall annual limit and includes cover for two children up to age 16 at no additional cost, subject to underwriting.

When you choose the Ultimate Global Health Plan, you'll have access to a dedicated Lifecare Concierge Manager to handle all aspects of your cover and to help you proactively manage your health journey.

They take the time to understand your lifestyle and any medical conditions, and will support with medical appointments, handling claims and arranging treatments and prescriptions wherever you are in the world.

It's a relationship built on trust. Your Lifecare Concierge Manager will serve as your single point of contact, helping bring you reassurance and peace of mind.
