NEED TREATMENT?

We want to make sure everything runs as smoothly as possible when **you** need **treatment**, so we help take care of the practicalities so **you** can focus on getting better.

If **you** contact **us** before going for **treatment**, **we** can explain **your** benefits and confirm that **your treatment** is covered by **your health plan**. If needed **we** can also help with suggesting **hospitals**, clinics and **doctors** and offer any help or advice **you** may need.

In cases where **you** need **hospital treatment**, contacting **us** also gives **us** an opportunity to contact **your hospital** or clinic and make sure they have everything they need to go ahead with **your treatment**. If possible **we** will arrange to pay them directly too.

We would like to make **you** aware that there are certain benefits for which **you** must receive pre-authorization. These are detailed in **your** 'Table of benefits'. Benefits may not be paid unless pre-authorization has been provided.

The pre-authorization process

You can pre-authorise **your treatment** by phone or email. Once **we** have the necessary details, **we** send a pre-authorization statement to **your hospital** or clinic.

We also send **you** a pre-authorization statement. This can be used as a claim form to send back to **us** if **you** receive any invoices or are asked to pay for any aspect of **your treatment** yourself. More detail is provided on the claims process on the next page.

From time to time **we** may ask **you** for more detailed medical information, for example, to rule out any relation to a **pre-existing condition**.

Remember we can offer a second medical opinion service

The solution to health problems isn't always black and white. That's why **we** offer **you** the opportunity to get another opinion from leading international **specialists**.

Pre-authorization complete and now going for treatment?

Always remember to keep **your** insurance cards with **you** and present the appropriate card to **your benefit provider** when **you** arrive.

Our approach to costs

When **you** are in need of a **benefit provider**, **our** dedicated team can help **you** find a **recognised medical practitioner, hospital or healthcare facility** within **network**. Alternatively, **you** can view a summary of **benefit providers** on Facilities Finder at <https://bupaglobal.com/en/facilities/finder>. Where **you** choose to have **your treatment** and services with a **benefit provider** in **network**, **we** will cover the costs of any **covered benefits**, once any applicable **co-insurance** or deductible amount which **you** are responsible to pay has been taken from the total claimed amount.

Should **you** choose to have **covered benefits** with a **benefit provider** who is not part of **network**, **we** will only cover costs that are **reasonable and customary**. This means that the costs charged by the **benefit provider** must be no more than they would normally charge, and be similar to other **benefit providers** providing comparable health outcomes in the same geographical region. These may be determined by **our** experience of usual, and most common, charges in that region. Government or official medical bodies will sometimes publish guidelines for fees and medical practice (including established **treatment** plans, which outline the most appropriate course of care for a specific condition, operation or procedure). In such cases, or where published insurance industry standards exist, **we** may refer to these global guidelines when assessing and paying claims. Charges in excess of published guidelines or **reasonable and customary** made by an 'out-of-network' **benefit provider** will not be paid.

This means that, should **you** choose to receive **covered benefits** from an 'out-of-network' **benefit provider**:

- o **you** will be responsible for paying any amount over and above the amount which **we** reasonably determine to be **reasonable and customary** – this will be payable by **you** directly to **your** chosen 'out-of-network' **benefit provider**;
- o **we** cannot control what amount **your** chosen 'out-of-network' **benefit provider** will seek to charge **you** directly.

There may be times when it is not possible for **you** to be treated at a **benefit provider** in network, for example, if you are taken to an 'out-of-network' **benefit provider** in an **emergency**. If this happens, **we** will cover the costs of any **covered benefits** (after any applicable co-insurance or deductible has been taken).

If **you** are taken to an 'out-of-network' **benefit provider** in an **emergency**, it is important that **you**, or the **benefit provider**, contact **us** within 48 hours of **your** admission, or as soon as reasonably possible in the circumstances. If it is the best thing for **you**, **we** may arrange for **you** to be moved to a **benefit provider** in **network** to continue **your treatment** once **you** are stable. Should **you** decline to transfer to a **benefit provider** in **network** only the **reasonable and customary** costs of any **covered benefits** received following the date of the transfer being offered will be paid (after any applicable **co-insurance** or deductible has been taken).

More rules may apply in respect of **covered benefits** received from an 'out-of-network' **benefit provider** in certain countries.

These charge levels may be governed by guidelines published by relevant government or official medical bodies in the particular geographical region, or may be determined by **our** experience of usual, and most common, charges in that region.

THE CLAIMING PROCESS

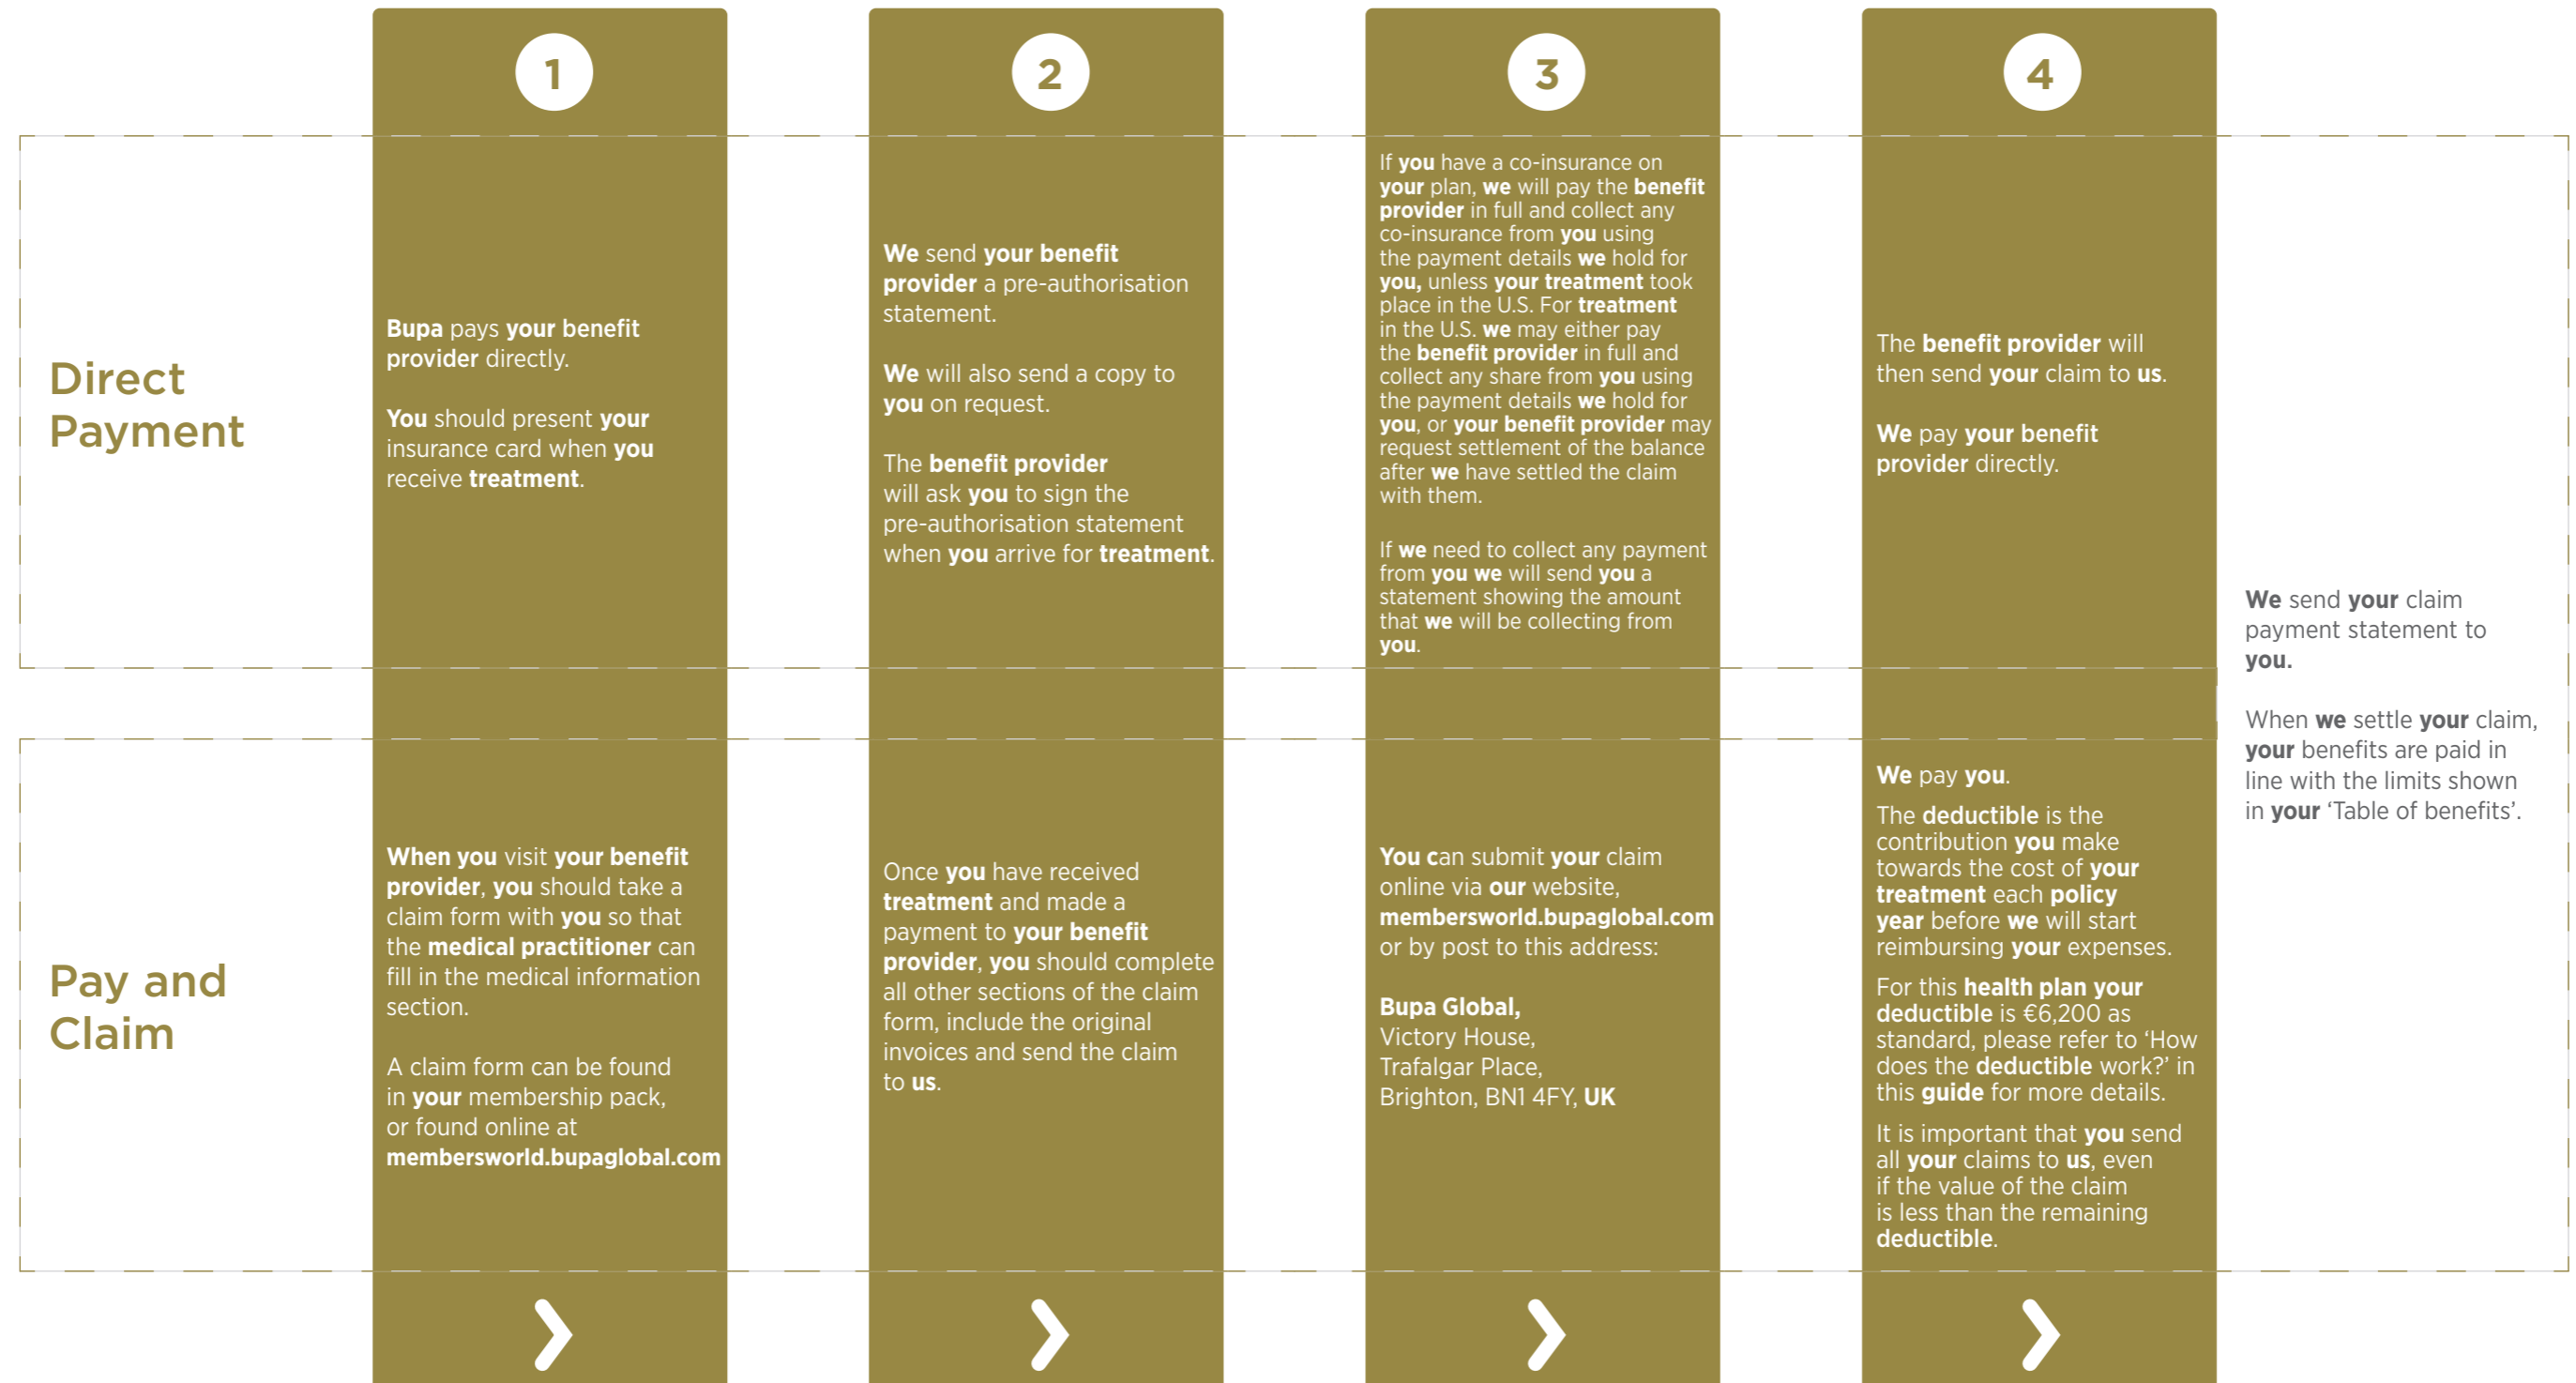

Whether **you** choose direct payment or 'pay and claim' **we** provide a quick and easy claims process. **We** aim to arrange direct settlement wherever possible, but it has to be with the agreement of whoever is providing the treatment. In general, direct settlement can only be arranged for in-patient treatment or day-case treatment. Direct settlement is easier for **us** to arrange if **you** pre-authorise **your** treatment first, or if **you** use a participating hospital or healthcare facility

How to make a claim

- The quickest way to submit **your** claim is to log on to **your** MembersWorld account and submit **your** claim electronically. **You** have the choice of submitting an on-line claim or uploading any completed claims form.
- Make sure **we** have all the information as the biggest delay to paying a claim is normally incomplete, missing or ineligible information.
- Make sure **you** have given **your** correct bank details. Reimbursement by bank transfer is by far the quickest way to receive **your** payment.

If **you** need assistance with a claim **you** can

- Call **us** on **+44 (0) 1273 718 379**
- Email info@bupaglobal.com

WANT TO ADD MORE PEOPLE TO YOUR HEALTH PLAN?

You can apply to include **dependants** to this health plan by filling in an application form. **You** can download this easily from <https://membersworld.bupaglobal.com> or **you** can contact us and we will send one to **you**.

If **you** are adding **your** newborn child please complete the, 'newborn application form' or **you** can contact **us** and **we** will send one to you.

It is possible to add dependants or newborn children on to a different health plan and/or include a different co-insurance for each person.

When **you** apply, the **dependant's** medical history will be reviewed by **our** medical team which may result in cover for **pre-existing conditions** or exclusions or **we** may decline to offer cover. The cover will start on the date **our** medical team accept **your** application to join. Any special restrictions or exclusions are personal to the person **you** add and will be shown on **your** insurance certificate.

Adding your newborn child?
Congratulations on **your** new arrival!

To add **your** newborn baby **you** will need to send **us** a completed newborn application form. If:

- o either parent has been a **Bupa Global** member for at least 18 months before the baby's birth, and
- o **we** receive the application form within 30 days of the baby's birth

we will add the baby to the **policy** from their date of birth.

However, if:

- o neither parent has been a **Bupa Global** member for at least 18 months before the baby's birth, or
- o **we** receive the application form more than 30 days after the baby was born

cover will start on the date that **we** receive the application form.

When **you** apply, the baby's medical history will be reviewed by **our** medical team which may result in cover for **pre-existing conditions**, special restrictions or exclusions, or **we** may decline to offer cover. This means that if the baby has medical conditions that need **treatment**, these might not be covered by the **policy**.

If there are any changes to the information **you** provided in the application form after **you** or **your dependants** sign it and before **we** accept the application, please let **us** know straight away.

YOUR HEALTH PLAN BENEFITS

The 'Table of benefits' provides an explanation of what is covered on **your health plan** and the associated limits.

Benefit limits

There are two kinds of benefit limits shown in this table:

1. The 'overall annual maximum' – the maximum amount **we** will pay in total for all benefits, for each person, in each **policy year**.
2. Individual benefit limits – the maximum amount **we** will pay for individual benefits such as **rehabilitation**.

All benefit limits apply per person. Some apply each **policy year**, which means that once a limit has been reached, the benefit will no longer be available until **you** renew **your health plan**. Others apply per lifetime, which means that once a limit has been reached, no more benefits will be paid, regardless of the **renewal** of **your health plan**.

Currencies

All the benefit limits and notes are set out in three currencies: EUR, GBP and USD. The currency in which **you** pay **your** premium is the currency that applies to **your health plan** for the purpose of the benefit limits.

Waiting periods

You will notice that waiting periods apply to some of the benefits. This means that **you** cannot make a claim for that particular benefit until **you** have been covered for the full duration of the waiting period stated.

How does the deductible work?

Your deductible is the annual amount **you** must pay each **policy year** towards covered expenses before **we** start paying. The **deductible** on this plan is €6,200 as standard.

It's important that **you** send all **your** claims to **us**, even if the value of **your** claim is less than the **deductible**. **We** won't make any payment, but the claim will count towards **your deductible**. If **your** claim is for an amount higher than the value of **your deductible** or remaining **deductible**, **we** will pay costs in line with **your** benefit limits.

The **deductible** applies:

- o per **policy year**
- o separately for each person

EXAMPLE

The standard **€6,200 deductible** is on the **health plan**

You have **treatment in hospital** for a broken leg which costs **€3,000**

Amount paid by you is €3,000	Amount paid by us is €0
---	--

Remaining **deductible** for the rest of the **policy year** is **€3,200**

Later in the year **you** stay in **hospital** for 9 days which costs **€25,000**

Amount paid by you is €3,200	Amount paid by us is €21,800
---	---

Remaining **deductible** for the rest of the **policy year** is **€0**

YOUR EXCLUSIONS

In the 'General exclusions' section below, **we** list specific **treatments**, conditions and situations that **we** do not cover as part of **your health plan**. As well as these general exclusions, **you** may have personal exclusions or restrictions that apply to **your health plan**, as shown on **your** insurance certificate.

Do you have cover for pre-existing conditions?

When **you** applied for **your health plan** **you** were asked to provide all information about any disease, illness or injury for which **you** received medication, advice or **treatment**, or **you** had experienced symptoms before **you** became a customer – **we** call these **pre-existing conditions**.

Our medical team reviewed **your** medical history to decide the terms on which **we** offered **you** this **health plan**. **We** may have offered to cover any **pre-existing conditions**, possibly for an extra premium, or decided to exclude specific **pre-existing conditions** or apply other restrictions to **your health plan**. If **we** have applied any personal exclusion or other restrictions to **your health plan**, this will be shown on **your** insurance certificate. This means **we** will not cover costs for **treatment** of this **pre-existing condition**, related symptoms, or any condition that results from or is related to this **pre-existing condition**. Also **we** will not cover any **pre-existing conditions** that **you** did not disclose in **your** application.

If **we** have not applied a personal exclusion or restriction to **your** insurance certificate, this means that any **pre-existing conditions** that **you** told **us** about in **your** application are covered under **your health plan**.

General exclusions

The exclusions in this section apply as well as and alongside any personal exclusions and restrictions explained above.

For all exclusions in this section, and for any personal exclusions or restrictions shown on **your** insurance certificate, **we** do not pay for conditions which are directly related to:

- excluded conditions or **treatments**
- extra or increased costs arising from excluded conditions or **treatments**
- complications arising from excluded conditions or **treatments**

Our global **health plans** are non-U.S. insurance products and accordingly are not designed to meet the requirements of the U.S. Patient Protection and Affordable Care Act (the Affordable Care Act). **Our** plans may not qualify as minimum essential coverage or meet the requirements of the individual mandate for the purposes of the Affordable Care Act, and **we** are unable to provide tax reporting on behalf of those U.S. taxpayers and other persons who may be named on it. The provisions of the Affordable Care Act are complex and whether or not **you** or **your dependants** are affected by its requirements will depend on a number of factors. **You** should consult an independent professional financial or tax advisor for advice. For customers whose coverage is provided under a group **health plan**, **you** should speak to **your health plan** administrator for more information.

Please note that, should **you** choose to have **treatment** or services with a **benefit provider** who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. Other rules may apply in respect of **covered benefits** received from an 'out-of-network' **benefit provider** in certain specific countries. This applies whether **we** pay the **benefit provider** directly, or **you** pay the costs and claim this back from **us**.
